

## IMPROVE YOUR ICE MACHINES PRODUCTION

# CHILLTech

Heat Exchangers

The exclusive Chilltech water treatment system lowers water temperature to incoming ice makers. This results in significantly reduced ice maker cycle times while lowering the KWH consumption up to 30% and increasing ice making capacity up to 30% or more!

### Benefits

- Increases ice production up to 30% or more!
- Lowers KWH consumption by up to 30%
- Stand alone product
- No Electricity required
- Easily connects to cold water feed line
- 2 year parts warranty

### MODELS

1

Chilltech 1 up to 272kg per day cuber  
Chilltech 2 up to 600 kg per day cuber
